

SYSTEM OF APPOINTMENT OF THE ARBITERS IN OFFICIAL ECU CHAMPIONSHIPS

PREAMBLE

One of the responsibilities of the ECU Arbiters' Council is to train, manage and appoint European arbiters to Championship events organised under the auspices of the European Chess Union.

We seek to create a system that will:

1. Provide equal opportunity for all qualified European arbiters to be appointed to an ECU Championship.
2. Improve the quality of arbiters working at ECU Championships.
3. Promote gender equality and rotation.

To achieve this objective, we propose a ranking methodology for European arbiters who are qualified and interested in being selected for appointment.

The purpose of this document is to define a point system, based on each arbiter's skills and experience, which will resolve a ranking of applicants each year.

In addition to ranking, the system should motivate arbiters to:

- Gain experience as arbiters.
- Continue their professional development.
- Master new tools and skills.
- Study more foreign languages.
